

1st Announcement

Cross-Pacific Conference on Environmental & Water Resources

September 3-5, 2011, Orlando, Florida, USA

(Additional technical tour in South Florida is optional on September 6-7, 2011)

Conference Goals

The conference will help build partnerships for future Research, Education, and Businesses in the Environmental and Water Resources Fields across the Pacific. The theme of the conference is “One Earth, One Water Cycle, One People” The assembling will create a win-win situation for all parties across the Pacific to the benefits of their Environmental and Water Resources Management and Businesses. Outstanding papers will be selected by a committee for publication in the conference proceedings for indexing and sale through the ASCE’s Environmental and Water Resources Institute.

Call for Abstracts

The Planning Committee is soliciting abstracts of the papers and posters to be presented at the Cross-Pacific Conference on Environmental and Water Resources. Please consider submitting an abstract! We want to hear about your most interesting research and/or projects. In particular, this conference will focus on “Environmental and Water Resources”. Please be sure to submit an abstract discussing how your research and/or projects have been or could be used to better manage Environmental and Water Resources.

Abstract Submission

The abstract (250 words maximum) should include the title of the paper or poster and the author or authors’ information. Please be certain to identify the expected presenter. For each author, please include the name, affiliation, mailing address, email address and phone number.

Please submit abstracts for both oral presentations and posters to one of the following persons:

- **Ming-jen Chen**

Phone: 011-886-2-33662606 or 886-937421780, Email: mjchen8@ntu.edu.tw

- **Yanli You**

Phone: 011-86-10-68786350, Email: youyl@iwhr.com

- **T. S. Wu**

Phone: 850-408-5174, Email: wu@caspaf.org
